Forecast For The United Kingdom
Issued by Met Office Exeter
at 1600 on Tuesday 31 Aug 2021

++ Valid for broadcast between 1800 and 0600

Headline:
Mostly dry but often fairly cloudy tomorrow.

This Evening and Tonight:
Areas of cloud will spread across large parts of the UK this evening and overnight, cloud perhaps thick enough for a little patchy drizzle. Some clear spells too, mainly in the west and northwest.

Wednesday:
Fairly cloudy for many parts again, but mostly dry and still some bright or sunny spells at times too. Best of the sunshine over parts of Scotland and Northern Ireland.

Outlook for Thursday to Saturday:
Remaining mostly fine with the best of any sunshine across parts of the west and here it will be rather warm. Perhaps a few showers into the south later Saturday.
